

**Powerful Tactic**

**“10 Articles Traffic Method”**

**Detailed Tutorial**

So far you have probably heard about writing hundreds of articles to get the most traffic to your site, but how about writing 10 articles for traffic that can bring in 1000's of monthly visitors? This powerful 10 articles tactic can be used right away. So read and implement!

First off, we are not talking about any articles. We are talking about 10 **high quality** articles on the topic your niche audience has an interest in. It would need to be something they will tell their friends about. So something of a really great value!

Now, to make this as detailed as possible, let's assume your offer is on "Free 10 Day Course to Stop Smoking and Nicotine Cravings - Forever"! And I really do hope you are [building your list](#) along the way!

**Here is a plan of work to make 10 articles traffic work!**

You need to come up with 10 different topics your audience would be interested in, such as:

**Reasons to Quit Smoking**

**Completely Natural Way to Stop Smoking**

**How to get Motivation to quit smoking**

***Make sure you come up with 10 different topics within your niche.***

Now you need to research a set of 10 keyword phrases for each article. Something that is getting at least 30-50 searches per day.

Make sure each keyword has less than 50,000 competing results - you check for them by entering the keywords in quotes, such as "Your Keyword Phrase". Side

note: if you don't know how to do it, there are plenty of YouTube video tutorials on this topic.

Once you are done with this task you need to actually write the **HIGH QUALITY Articles**. So if you are writing on how to quit smoking naturally, you have to give people real tips.

In your article, you need to give full details and lots of useful data! This is a must! The advice has to be pure gold!

**So an outline of a good article is:**

If you are addicted to nicotine, You're trying to quit smoking and are not succeeding, it might be that you have not found a right way to do it, or you hoped it would happen right away! Don't worry, any of these methods you can try right away. They have 95% success rate!

Natural Method #1 - **Real Details!**

Natural Method #2 – **Real Details**

Natural Method #3 – **Real Details**

Having said this, the worst part for many people is, that they "love" the cigarette and cannot seem to be able to stop the cravings. To help you with that, you can get the Free 10 Day Course to Stop Smoking and Nicotine Cravings – Forever, and not only that, you will gain the will power never to buy another pack!

You do see the quality of an article? It cannot be junk and the only reason for an article to be "click through to my offer"!

Your goal is to have your 10 articles completed within 2 days. So 5 articles per day! Do not edit the first set of 5 right away, come back to it before you start writing the new set!

Do the basic **on-page** optimization for your main keywords, such as “Stop Smoking Naturally”, make sure you have keyword density of 1-3%. 1% will do just fine! The **off-page** optimization is a lot more important!

**Now you need to find relevant sites to your offer, that will accept your content for free! Not article directory sites, but the sites such as blogs and forums that are within your niche! These posts on blogs and websites are often called guest posts.**

**Something to mention here:** Some sites will actually charge you for this. So if you are on the budget you move onto another site, but if you do have some money to invest, if the blog, or forum has lots of traffic, pay the fee, because the return can really be amazing. Imagine if your content was a sticky post in the forum!

And just in the case you are not a good writer, you can outsource your tasks with [www.getafreelancer.com](http://www.getafreelancer.com), or <http://elance.com> or just ask a friend who is in the field to write the content.

**Here is how to find sites to post your content on:**

Go to market places such as ClickBank, Affiliate Share, CJ.com and others. You will not be searching for a direct competitor, but relevant offers. So if it is a strategy to quit smoking with acupuncture, you can contact the merchant with your guest post, because your natural offer falls into the category, BUT if you contact someone who is selling a plan on “will power and stop cravings” well, they will not post your content because you would be a direct competitor. Most of the merchants have their blogs, so you are on your way to getting accepted.

Or you can search on Alexa for relevant offers. If the Alexa rank is 300,000 and less, that is good, that means site is getting lots of visitors! Also, pay close attention to the sites that are getting their traffic only from Malaysia and Nigeria. If this is digital delivery course, you need the US, or UK traffic. Not to say that there`s something against some countries, just your offer might be more suitable for some specific countries.

And one more method to search for blog posts is to actually enter in Google keywords such as keyword phrase + blog, but still check the Alexa for details.

### **Here is the script to Contact Site Owner**

Hello Website Owner Name,

I am the owner of <http://www.yourwebsite.com>. I am currently looking for a place to submit high quality content, around XXX words on "THIS CONTENT". The content is 100% unique and never published anywhere else and most importantly, the information is pure gold.

I've been looking over your site, and I am 100% sure the audience will have a great interest in these detailed article.

The only thing I ask is that there is a link back to my site, for a free offer. The offer is on "Free Course on XXX XXX XXX" The free offer is of great value and it would really help your readers. If interested I will of course send you a copy of the guide and the user feedback.

I know your site is valuable, and I would not do anything to jeopardize your business. The content will be approved by you of course and it can even be edited by you, if there is anything you do not like about it.

Awaiting your response,

YOUR NAME

Keep in mind, there will be few people who will not like this offer. But there will be many who will!

### **Final step – but very important one!**

Once you get your 10 articles published, you will immediately see the difference in traffic. BUT if you want to reap the rewards of that traffic for months to come, you need to do a little “**off-page optimization**”. The off page optimization is to get quality, high PR links to your articles.

Some people will find this strange and will think, I don't want to add links to the other website. Well, first off, you are getting very targeted traffic from their site. You did the method for free, so it did not cost you anything. They keep on driving their visitors to their site each day, getting you traffic and if you rank on the 1<sup>st</sup> page of Google, you get even more traffic. Hm... Let me think! Yeah, no brainer right!

So here are some ways to get links. You can hire someone to do forum posts with that article's main keyword phrase such as “quit smoking naturally”, get some blog link juice which can be done with commenting on high pr blogs, and use services such as linkvana.com to get more links. In a combination like this, backlinking will work like magic. And since you are providing really great content, you are probably going to get some people to link back to you, which will be free links. Shoot, your article might even go viral!

The best part is, that with only 10 articles you wrote, you will have 1000's of visitors to your site each month!

Now some people will look into this and say, wow, this is lots of work. Yeah, it does require work, but it is 10 times better than writing 100's of articles.

Now keep this in mind, this method works great when you are building your list, but it will not have the same effect if you are sending your traffic to the main page of your site, unless you have some kind of an offer that converts with cold lead at 50% or higher.

Now, if you are doing a poor job with list building, I suggest you grab a [Totally Free Course On the Right Way to List Building](#) it includes 3 more traffic generation methods. That will reveal methods to build your list the right way.

And if you need additional ways to drive traffic to your site, take a look at [7 Massive Traffic Generation Tactics!](#)

To your success!
